|------|--------------------|----|-----|
| -16  | 05.017-20x2        | 20 | 2,0 |
| -20  | 05.017-26x2        | 26 | 2,0 |
| -24  | 05.017-32x2.5      | 32 | 2,5 |

### GA7000560

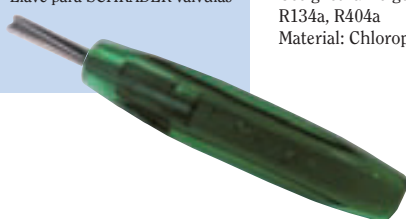

Wrench for SCHRADER valves

Schrauber für SCHRADER Ventile

Clef pour SCHRADER valves

Chiave per SCHRADER valvole

Llave para SCHRADER válvulas

Temperature range

-40°C to +150°C

Suitable for the following refrigerants: R134a, R404a

Material: Chloroprene (Neopren)

Temperaturbereich

-40°C bis +150°C

Geeignet für folgende Kältemittel:

R134a, R404a

Material: Chloroprene (Neopren)

Plage de température

-40°C à +150°C

Convient pour les fluides frigorigènes suivants: R134a, R404a

Matière: Chloroprene (Neopren)

Range di temperatura

da -40°C a +150°C

Idoneo ai seguenti refrigeranti:

R134a, R404a

Material: Chloroprene (Neopren)

Banda de temperatura

-40°C hasta +150°C

Compatible con los siguientes

líquidos refrigerantes:

R134a, R404a

Material: Chloroprene (Neopren)

Temperature range

-40°C to +125°C

Suitable for the following refrigerants: R134a, R404a

Material: NBR

Temperaturbereich

-40°C bis +125°C

Geeignet für folgende Kältemittel:

R134a, R404a

Material: NBR

Plage de température

-40°C à +125°C

Convient pour les fluides frigorigènes suivants: R134a, R404a

Matière: NBR

Range di temperatura

da -40°C a +125°C

Idoneo ai seguenti refrigeranti:

R134a, R404a

Material: NBR

Banda de temperatura

-40°C hasta +125°C

Compatible con los siguientes

líquidos refrigerantes:

R134a, R404a

Material: NBR

FT1417 E-Z Clip Pliers -16 (must be ordered separately)

Replacement Blade No. GT9006.1  
Hose cutter GT9006

Hose cutter FT1356

Kit FF12139 (Steel)

| Kit Components<br>Part Number | Description            | Qty/Per Kit  |
|-------------------------------|------------------------|--------------|
| 1F40104-6, -8, -10, -12       | Clips                  | 20 each size |
| 1F40105-6, -8, -10, -12       | Cages                  | 10 each size |
| FT1357                        | Pliers/Connecting Tool | 1            |
